Parents Supporting Parents Online Resource

Advocacy in School · https://inclusionactionontario.ca/docs/parents-supporting-parents-online-resource/

Parents Supporting Parents is an online resource providing an introduction for parents learning to advocate for their loved ones when navigating Special Education in Ontario.

After being awarded a grant for this work last year, IAO and the University of Western Ontario are thrilled to announce the launch of the modules, where you can explore and learn at your own pace.

Access the Parents Supporting Parents modules here.
